## HUNTER VALLEY SEMILLON 2023

---

### Vineyard

Hunter Valley Semillon is sourced from a selection of some of our top Semillon vineyards around the Hunter Valley. Most of the vineyards are dry grown and have an average vine age of 40 years.

### Vintage Conditions

In the lead up to the 2023 vintage, there was an abundance of rain in spring which gave us great soil moisture heading into the dry months of December and January. The harvest period was relatively stress-free without any adverse conditions such as rain or heat. All of the Semillon cropped well and was in immaculate condition.

### Winemaker's Notes

The grapes were machine picked in the cool of the night before gentle pressing and fermentation in stainless steel tanks. The wine then spent a short amount of time on yeast lees to gain extra complexity and mouth feel.

### Tasting Notes

Classic Hunter Valley Semillon from another strong vintage. The nose is vibrant with an abundance of citrus fruits and floral elements. The palate is medium bodied, yet intense, with great length and a brisk acidity.
